*“Three weeks after my course, I’m still reliving the experience. It was both a rigorous challenge and great fun. Our instructor was the best! He assessed our levels and provided each of us with a personalized instructional experience that moved us forward and ensured success. I recommend this experience without hesitation.”*

Fredrika Harper – Evanston, IL

*“Such a great experience. Andrew and Rick were incredibly knowledgeable in all aspects of sailing. I learned much more than I ever thought possible and recommend this program to anyone interested in learning about sailing, particularly for a novice like myself.”*

Shea Gottshall – Charlotte, NC

*“We had the best experience learning to sail with Jaime. He surpassed our expectation, was knowledgeable and answered all our questions. Our experience in the catamaran course with Cheyenne was another great experience that surpassed our expectations. I got so much confidence from both our instructors. I learned to have confidence, relax and not over think all I had to learn.”*

Magdalena Dillaha – Windermere, FL
